- Other Skills: Cloud Integration, Deployment, User Experience Design, Database Development, Python

Education

Sant Gadge Baba Amravati University

Amravati, Maharashtra, India

Master of Computer Applications (MCA)

Ongoing (2024-2026)

Certifications

Python Programming Course

Udemy | 1-Month Intensive Course

Completed: (2025)

Certificate in Python fundamentals, scripting, and application development.

Full Stack Developer Internship Certificate

CODEC Technologies | 1-Month Internship

Completed: (2025)

Certificate for hands-on experience in full-stack development using MERN stack, including API integration and deployment.

Projects

SaaS Code Editor

Completed: (May 2025)

Online code editor with multi-language support, user authentication, and snippet saving.

Technologies: React.js, Node.js, Express.js, Convex, Clerk

- Developed secure user authentication and real-time code execution features.
- Implemented snippet saving with history tracking and a modern, responsive UI.
- Integrated RESTful APIs for backend communication and data persistence.

Chat Application

Completed: (April 2025)

Real-time chat app for one-on-one and group messaging with presence indicators and history.

Technologies: React.js, Node.js, Express.js, MongoDB

- Integrated Socket.io for real-time bidirectional communication and live updates.
- Designed user authentication and room management features for secure group chats.
